

*A Company Specializing in Environmental Protection and Remediation Technologies*

December 14, 2005

For Immediate Release

**ENPAR AND 2V2T INC. OF FRANCE SIGN  
DISTRIBUTOR AND SALES REPRESENTATIVE AGREEMENT**

Dr. Gene Shelp, President and CEO of ENPAR Technologies Inc. (“ENPAR”), is pleased to announce that the Company has signed a Distributor and Sales Representative Agreement with 2V2T Inc. of Paris, France. The agreement outlines the terms whereby 2V2T will market ENPAR’s electrochemical water treatment technologies in Europe and other strategic regions of the globe.

2V2T Inc. is owned and managed by experienced financial and water treatment professionals, Dr. Amer Pasha and Mr. Marc Lachan. Dr. Amer Pasha, President of 2V2T Inc., has over 25 years of experience in international finance and investment banking for both private and public companies. In addition Dr. Pasha has been involved in the marketing of several technologies on behalf of his international clients using his broad business contacts. He has a wealth of expertise and knowledge in arranging strategic alliances, mergers and joint ventures.

Mr. Marc Lachan, P.Eng., a former Director of ENPAR Technologies Inc., endows 2V2T Inc, with a life time of experience in the water treatment industry. Mr. Lachan has held various management positions, including Director of Public Works for Dodin (1964 – 1981), General Director of the Group General Des-eaux (Veolia 1981 – 1990), President of Veolia Morocco (SETHAMA), President and Director General of Group Vivendi Environment (SETHA since 1990), and special envoy to the CEO of the Group de la Compagnie General Des-eaux (Veolia since 1990). He served as Director of SNC Inter Development of the Group (Vinci) from 1997 to 2001. Furthermore, he is the founder of the Office of Sanitary Engineers (OISIS), serving that organization as President since its inception in 1999.

In 1992, the President of France decorated Mr. Lachan with his country’s highest honour, “Chevalier de l’Ordre National du Mérite.”

**ENPAR is a “Technology Company” applying its patented and proprietary “Electrochemical Technologies” to the treatment of waste water and drinking water contaminated by metals or nutrients i.e., nitrate/ammonia associated with the mining, metal processing, chemical, agricultural, municipal and waste management sectors. The common shares trade on Tier II of the TSX Venture Exchange under the symbol “ENP”.**

The TSX Venture Exchange has not reviewed and does not accept responsibility for the adequacy or accuracy of this release.
